Tired of the pain, and the money it's costing? Let

Comfort Rx

help you find the relief you need!

A unique seating concept designed to help relieve back, hip and tailbone discomfort that often occurs from sitting.

Comfort Rx provides effective solutions for back, hip and tailbone discomfort, while supporting your sitting bones and muscles naturally for custom comfort!

New ergonomic seating can relieve muscular-skeletal problems by 40%--saving 1/3 of all dollars spent for worker's compensation!

Source--U.S. Bureau of Labor Statistics

ComfortRx

Designed to work individually for each user, flexing for each sitting posture solution.

New state of the art materials create an effective method of relieving pressures and strains from sitting!

Features:

- Laminated back foam densities to support user's back contour
- Adjustable back height/angle for perfect fit for every individual
- Memory foam seat & back overlay for ultimate sitting comfort
- Mechanical adjustable lumbar supports lower back
- Soft Urethane arm pad for ergonomic comfort
- Vertical/horizontal/forward/ for optimum arm and wrist position
rearward arm adjustment
- Scalloped seat center relieves tailbone pressure
- Horseshoe seat gel pad cradles and comforts upper thigh
- Waterfall seat front relieves pressure/increases blood flow to legs
- Synchro-tilt mechanism provides 2° back tilt for 1° of seat tilt to relieve
back stress
- Integral seat depth slider provides individual fit per user

Benefits:
